find a job in the workplace. Some of them choose to attend a WIOA work program offered through Big Sandy Community Action Center and Big Sandy Technical Institute. Clients are paid a wage while attending classes to become certified in a field of their choosing (providing it is offered) such as Certified Nursing, Phlebotomist, Pharmacy Tech., Med. Billing, Woodworking, It Programs etc.

Often times it takes the right job in order for someone to be successful. MCCC helps people put the pieces together to attain a competitive job and increase their income. They work with their clients to place them in jobs they enjoy. Studies have shown that people who obtain competitive employment have increased income, improved self-esteem, improved quality of life, and reduced illness. MCCC provides services to numerous people with various education levels, little or no prior work histories, young and old adults, veterans with PTSD, people with co-occurring mental illness, and substance use disorders. Their message to the Rotary Club: If your company has a need and a desire to help someone that might not otherwise have an opportunity to work, please give MCCC a call at 606-886-4438.

February is World Understanding Month, the month of LOVE

“Fear and Hate Must Go! And they will go when nations have goodwill based on understanding” - the world’s first Rotarian, Paul P. Harris, Founder and President Emeritus of Rotary International.

WHEN a certain distinguished scientist was asked what coming invention would mean most to mankind, he answered, "I don't think that any invention will mean so much to mankind as the discovery of a better way to get along together."

He was gravely disturbed by a world gone war-mad.

He had asked himself - as we all should-this question: What profiteth it that industry produce great wealth if all must be dissipated in a few hysterical months?

How can we find a better way to get along together?

There's the Golden Rule, but every nation believes its way is the Golden Rule way. Sir Norman Angell has wisely observed that no nation, however aggressive and inhuman its course may be, is conscious of guilt; its people are taught that they are superior to all others and that destiny calls them to lead.

Most nations are overeducated in their virtues and undereducated in their vices.

Travel is a good corrective for this type of mental near-sightedness - if the traveller will **cast aside his prejudices**. People will see what they look for, the ugly or the beautiful. If they seek things to condemn, they will find them in plenty and return home more prejudiced and arrogant than ever.

Open-mindedness and tolerance are earmarks of the Rotary approach to the problem. Clubs exist in some 60 nations and opportunities for discord abound. But though membership includes representatives of all religious and political parties, discord is rare in Rotary.

“The Rotary way works! But Rotary has no patent on it, for it is but the Golden Rule in action. Any person, any nation, can apply it by displacing negative hatred and fear with goodwill based upon understanding. Peace among nations is not impossible of attainment; they can find peace if they will.” – Paul P Harris, January 1946. - www.peacehistory.org

Ray’s Rib— Humorous Quotes On Life

When I was a boy of fourteen, my father was ignorant I could hardly stand to have the old man around.

But when I got to be twenty one I was astonished at how much the old man had learned in seven years. Mark Twain

“A chip on the shoulder is often a piece of wood that has fallen from the head.”

“Temper gets you into trouble; pride keeps you there.”

“We do not stop playing because we are old: we grow old because we stop playing.”
